PROFESSIONAL SUMMARY

I am a Data Analyst with skills in Python, SQL, Excel, Power BI, and Tableau. My experiences from academic projects, certifications, and real-world simulations have equipped me to analyze data, and create meaningful insights. I am passionate about using data to solve real problems and excited to grow a global career in data science, analytics, and AI.

EDUCATION

Clifford University, Owerinta	2024
--------------------------------------	-------------

B.Sc. in Computer Science

Project: Internet of Things (IoT) –Based Smart Office Monitoring System Using Network Sensors

Supervisor: Mr. Nwamuramu Godswill U.

Clifford University, Owerinta	2021
--------------------------------------	-------------

Advanced Level Certificate (JUPEB)

Teelon International Schools, Onne	2020
---	-------------

Ordinary Level Certificate (NECO)

Obtaining five credits in relevant subjects, including Mathematics and English.

Moncordel International Schools, Elenlewo	2018
--	-------------

Junior Certificate Examination (BECE)

TECHNICAL SKILLS

- **Data Analysis Tools:** Excel, Power BI, Tableau
- **Programming:** Python (Pandas, NumPy, Matplotlib, Scikit-learn)
- **Database:** SQL (Joins, CTEs, Stored Procedures)
- **Data Techniques:** Data Cleaning, Visualization, Dashboarding
- **Machine Learning:** Regression, Classification

PROJECTS

Accenture North America Data Analytics and Visualization Job Simulation on Forage - January 2025

- Completed a simulation focused on advising a hypothetical social media client as a Data Analyst at Accenture
- Cleaned, modelled and analysed 7 datasets to uncover insights into content trends to inform strategic decisions
- Prepared a PowerPoint deck and video presentation to communicate key insights for the client and internal stakeholders.

PwC Switzerland Power BI Job Simulation on Forage - January 2025

- Completed a job simulation where I strengthened my Power BI skills to understand clients and their data visualization need better.
- Demonstrated expertise in data visualisation by creating Power BI dashboards that effectively conveyed Key Performance Indicators (KPI), showcasing the ability to respond to client requests with well-designed solutions.
- Strong communication skills reflected in concise and informative email communication with engagement partners, delivering valuable insights and actionable suggestions based on data analysis.
- Leveraged analytical problem-solving skills to examine HR data, particularly focusing on gender-related KPIs, and identified root causes for gender balance issues at the executive management level, highlighting a commitment to data-driven decision-making.

Datacom Service Desk Job Simulation on Forage - February 2025

- Completed a job simulation involving IT support and incident management for Datacom's managed services team, honing critical issue prioritisation and resolution skills in a high-stakes environment.
- Developed expertise in ITIL processes, specifically in categorising, logging, and escalating incidents, ensuring alignment with industry best practices for efficient service management.
- Enhanced problem-solving abilities by diagnosing and resolving a complex network outage issue, employing analytical thinking to assess impact and urgency across multiple client tickets.
- Strengthened communication skills by crafting empathetic and clear follow-up communications to affected users, demonstrating a commitment to maintaining customer satisfaction and trust during IT crises.

Deloitte Australia Data Analytics Job Simulation on Forage - March 2025

- Completed a Deloitte job simulation involving data analysis and forensic technology
- Created a data dashboard using Tableau
- Used Excel to classify data and draw business conclusions

WORK EXPERIENCE

IT Support Personnel (Industrial Training)

International Container Terminal Services (ICTSI),

Onne Multipurpose Terminal (OMT) | September 2022 – November 2022

- Provided technical support for hardware and software issues, resolving 70% of issues on first contact.
- Assisted in network troubleshooting, reducing downtime significantly.
- Assessment of network devices to prevent damage and promote overall efficiency.

Freelance Data Analyst – Health Data Projects

Self-employed | September 2024 - Present

- Cleaned and analysed research datasets using Excel and Power BI.
- Built interactive dashboards to communicate insights.
- Delivered reports that improved research decision-making.

Data Analytics Instructor (NYSC)

Netisens ICT | November 2025 – August 2026

- Trained 30+ students in Excel, SQL and Power BI for data analysis
- Delivered lessons on data cleaning, visualization, and interpretation
- Supervised student projects using real-world datasets
- Mentored students in building portfolios for data roles

COMMUNITY SERVICE

- Asst. Head of Software – ICT/EDU Development, Community Development Service Group (2025)
Compulsory National Community Development Service
National Youth Service Corps (NYSC)
- Head of Software – ICT/EDU Development, Community Development Service Group – (2026)
Compulsory National Community Development Service
National Youth Service Corps
